

**1)WHAT IS PLATFORM INDEPENDENT AND DEPENDENT AMONG JDK,JRE,JVM?**

->

**JDK : It is platform dependent because for different platforms different jdk are there.**

**JRE : It is also platform dependent .**

**JVM : It is platform independent it doesn't exists actually .It's present only virtually.**

**2)CAN WE USE/DOWNLOAD JRE DIRECTLY WITHOUT DOWNLOADING JDK?**

**-> We can download JRE separately . But it cannot be used for development purpose .**

**3)Create a simple class "HelloWorld" and print "HelloWorld".**

**-> On GIT.**

**4)Use The above-mentioned class and save this file as "HelloWolrd\_Batch2.java" and try to execute the Add the execution commands with proper output Code.**

**-> ON GIT**

**5)Create Simple Calculator program.**

**-> ON GIT**
